Developing Global Leaders
Fall 2013 Admission

UCIrvine
Founded in 1965, the University of California, Irvine combines the strengths of a major research university with the bounty of an incomparable Southern California location. UCI’s unyielding commitment to rigorous academics, cutting-edge research, and leadership and character development makes the campus a driving force for innovation and discovery that serves our local, national and global communities in many ways.

**UC Irvine Values**

*Respect* - We understand that respect is the cornerstone of human interaction.

*Intellectual curiosity* - We are committed to learning, teaching, creativity and research.

*Integrity* - We tell the truth and strive to earn the trust of those around us.

*Commitment* - We always give our best effort.

*Empathy* - We act with compassion and sensitivity.

*Appreciation* - We appreciate different opinions and points of view.

*Fun* - We enjoy our lives to the fullest.
Welcome to UC Irvine

UC Irvine ranks #1 in the U.S. and fourth in the world among the 100 best universities less than 100 years old.
Times Higher Education analysis
Greetings from the University of California, Irvine!

We are delighted that you are interested in finding out more about the University of California, Irvine! You will discover that our students have access to opportunities and resources that extend across the university campus, throughout the state of California, and around the world. UC Irvine’s educational and co-curricular programs prepare our students to become global leaders in their fields.

Students, faculty, and researchers at UC Irvine are working to solve societal issues and support human development worldwide. The university is a hub for stem cell research, home to a cutting-edge climate research center, and a leader in the fight against breast cancer. We are recognized internationally for our outstanding quality of research, scholarship, and teaching, and for community-building amidst diversity. We focus on developing the whole person during your educational journey, with particular emphasis on character and leadership excellence, in addition to academic and research excellence.
UC Irvine has been named the top university in the nation under 50 years old and is consistently ranked among the world’s best universities. Achievements in the sciences, arts, humanities, medicine, and management have garnered top-50 national rankings for more than 40 academic programs. Three UC Irvine professors have won Nobel Prizes – two in chemistry and one in physics – for their contributions to the advancement of human knowledge. Our alumni have won Pulitzer Prizes and Olympic gold medals, and are leaders in business, the arts, science, and education – all walks of life. Our students pursue their studies here and at universities around the globe, from Norway to Brazil, from Poland to Vietnam.

One of our campus’s unique strengths lies in the way it combines the advantages of a large, dynamic research university with the friendly feel of a small college. In addition, our incomparable Southern California location offers both beauty and convenience. The undergraduate experience at UC Irvine extends beyond the classroom to participation in campus organizations, multicultural campus and community events, volunteer service projects, internships, study abroad, entrepreneurial ventures, and much more.

Explore the possibilities and benefits of the exceptional undergraduate experience at UC Irvine, including our world-class faculty, new academic programs, new professional schools, award-winning facilities, vibrant campus life, and the opportunity to live and study among the best and brightest minds in academia.

UC Irvine is the ideal place to study the past, enjoy the present, and shape the future. I invite you to explore all we have to offer.

Sincerely,
Michael V. Drake, M.D.
Chancellor
Developing Global Leaders

University of California, Irvine is at the forefront of research, discovery, and scholarly efforts that improve lives throughout California and benefit communities in every corner of the globe. New academic programs and professional schools have been launched in fields critical to California’s health and prosperity. Through world-class education, UCI is shaping the future of California and the world.

Life at UCI is rich in diversity – students from California high schools and community colleges, across the 50 states, and around the world are attracted to our campus to live, learn, and have fun. With approximately 80 languages spoken and 87 countries represented within our student body, the UCI campus is an international village poised to shape the future.

A top choice for undergraduate education, students who attend UCI discover easy accessibility to stellar faculty for research and mentoring; excellent professional schools in the fields of medicine, law, business, education, and the arts; a beautiful campus in one of the safest big cities in the nation; award-winning student housing; exciting campus events throughout the year; and unparalleled leadership preparation to succeed in today’s interdependent world.

UCI fosters a unique interdisciplinary approach to learning, broadening students’ awareness and enabling them to draw upon knowledge from a variety of disciplines and perspectives. It also makes learning extremely interesting and applicable – as students can tailor their studies to meet their unique educational and career goals. While majors are housed within individual schools at UCI, students engage in opportunities to work closely with faculty and take courses across all schools.
In its annual publication “America’s Best Colleges,” U.S. News & World Report recently ranked UC Irvine 13th among the top public universities in the nation, and an analysis by Times Higher Education ranked UC Irvine #1 in the U.S. and fourth in the world among the 100 best universities less than 50 years old. For the third consecutive year, UCI was listed among the top 10 ‘Coolest Schools’ in the nation by Sierra magazine. Academic and research options at UCI are currently offered through 84 undergraduate degree programs, 57 master’s, an M.D., Ed.D., J.D., and 46 Ph.D. programs. Our graduates include leaders in the arts, sciences, business, and education – all walks of life. Among them are three Pulitzer Prize winners and the architect of the “HTTP/1.1” Internet protocol used worldwide.

With more than 600 student clubs and organizations on campus, students can readily find friends who share their interests whether academic, multicultural, political, religious, service, social, or athletic. Campus activities throughout the year include cultural nights, arts performances, live music at Anteater Plaza – special events such as Reggaefest, the Rainbow Festival, Celebrate UCI annual open house, Shocktoberfest, Earth Day … and that is just to name a few.

UCI’s ideal location makes it easy for students to enhance their university experience with off campus activities as well. The campus is close to famous surfing beaches, desert and mountain resorts for hiking and snowboarding, famous attractions and venues like Disneyland and Angel Stadium, as well as, southern California locales like Hollywood, San Diego, and Palm Springs. The city of Irvine, consistently ranked as one of the safest large cities in America, enjoys a highly educated and diverse population so those new to the city feel right at home.

There is so much more to share with you about our campus and how UCI students are developing into global leaders who are ready to shape the future. As you read through this brochure, you will find several interesting examples of students and faculty analyzing and researching ways to help resolve significant societal and global issues.

No matter where you live, see yourself at UCI. You’ll think the world of us!
Queen Noor Speaks at UCI

"Leap of Faith:" A Conversation with Queen Noor, took place before a sold-out crowd on the UCI campus on May 2, 2012 as the fifth installment of the Living Peace Series. The Living Peace Series is presented in partnership by Center for Living Peace and UC Irvine.

Queen Noor is an outspoken voice on issues of global exchange and understanding. An international public servant, her peace-building advocacy focuses on the promotion of conflict prevention, resolution and recovery on national, global and local levels. By integrating the topics of gender, poverty and socio-economic diversity, she seeks overcoming separateness and the idea of “other.”

The discussion was moderated by 2011-12 UC Irvine XIV Dalai Lama Scholar Armaan Ahmed Rowther preceded by a special welcome from UCI Chancellor Michael V. Drake and Center for Living Peace founder Kelly Thornton Smith.

2011-12 XIV Dalai Lama Scholar

Committed to interfaith dialogue and religious harmony, Armaan Rowther has been awarded the 2011-12 XIV Dalai Lama Endowed Scholarship, established at UCI in 2004 to recognize students committed to ethical leadership, peace and positive global relations.
I believe that bridging divisions among people is crucial to solving many, if not all, of the most urgent problems facing our world today, from violent conflict to the destruction of the environment,” Rowther said.

A public health sciences major, Rowther has helped bring free healthcare and education programs to rural residents of Tecate, Mexico through Flying Samaritans at UCI. Armaan is a UC Regent’s Scholar and member of the Campuswide Honors Program who maintains a 4.0 GPA while participating in the Emergency Medicine Research Associates Program at UC Irvine Medical Center in Orange. He also is involved in outreach and humanitarian efforts through the Muslim Student Union at UCI.

**Measuring Mental Aftershocks**

The massive 8.8-magnitude earthquake that struck Chile in February 2010 left thousands homeless, caused billions of dollars in damages and triggered a deadly tsunami. The psychological impact of such traumatic events over time is the focus of an ongoing research collaboration between UC Irvine psychologists and Chilean academic and government officials.

The quake — the sixth-strongest on record worldwide — was especially terrifying to children living near the epicenter, says Dana Garfin, a UCI doctoral student in psychology and social behavior who is studying the mental health effects of the disaster on people in the hard-hit city of Concepcion and surrounding areas. According to Garfin, Chilean government officials are interested in using research-based findings to understand factors that are correlated with increased distress among the population, and what might help mitigate the potential long-term impacts of the earthquakes. "If people are still suffering psychologically from the effects of a disaster, it slows down the rebuilding process and makes it difficult for parents to help their kids cope," Garfin says. "We hope our research will be used to design interventions for those most in need and help Chile create a game plan for future earthquakes."
**Strauss Scholarship Recipient**

Pichaya “Peach” Kositsawat, political science and comparative literature double major, is the recipient of a 2012 Donald A. Strauss Public Service Scholarship. The honor annually recognizes young leaders in California working to pursue lives and work of public service and social change. Kositsawat is one of only 14 students in California to receive the Strauss Scholarship this year.

For her Strauss-funded project, she will collaborate with a team of peers to mentor and tutor low-income Thai students in English at a Bangkok partner school while cultivating free thinking by providing the students with direct access to the arts. Her project attempts to rethink traditional educational pedagogy, foster community development, and increase the Thai students’ economic possibilities and abilities to participate fully in educational opportunities.

**Conflicts of Interest**

Why can’t people get along? It’s a simple question with very complex answers. And it’s at the forefront of Scott Bollens’ research. The UC Irvine professor of planning, policy and design explores how ethnic, political and religious conflicts play out at the community level in reference to distribution of urban services, housing, amenities and economic opportunity.

Bollens, a former minor-league baseball player turned urban planning scholar, has – over 17 years – interviewed hundreds of community representatives, academics, planners, architects and political leaders in Jerusalem; Beirut; Johannesburg; Belfast, Northern Ireland; Nicosia, Cyprus; Sarajevo and Mostar in Bosnia-Herzegovina; and Bilbao and Barcelona in Spain. His insights into living and working in these fragmented cities form the basis of his new book, *City and Soul in Divided Societies*. 
UCI Professor Elected to National Academy of Sciences

Elizabeth Loftus, Distinguished Professor in UC Irvine’s School of Social Ecology and forensic memory expert, is one of only a handful of scientists from around the world elected to the respected National Academy of Sciences. “I’m honored to join such accomplished scientists and scholars,” Loftus said. “It’s a humbling experience. I’m still saying ‘pinch me’ to myself.”

A pioneer in false memory research, her work during the past three decades indicates that memory is highly susceptible to distortion and contamination, and that people can be influenced to “remember” familiar or common experiences that did not actually occur. Loftus has examined numerous claims of repressed memory in court that have turned out to be highly dubious or false. She also has explored the memories of eyewitnesses whose accounts are sometimes inaccurate and have led to the conviction of innocent people.

The Review of General Psychology ranked Dr. Loftus among the top 100 psychologists of the 20th century – a list that begins with luminaries B.F. Skinner, Jean Piaget and Sigmund Freud. She is also a fellow of the American Academy of Arts and Sciences.

Dr. Loftus has been selected to be a 2012 recipient of UC Irvine’s most prestigious honor, the UCI Medal. The UCI Medal confers lifelong recognition on those who have made exceptional contributions to the university’s mission of teaching, research and public service.

Science Library Named in Honor of UCI Professor

UC Irvine has renamed its Science Library the Francisco J. Ayala Science Library in recognition of the world-renowned evolutionary biologist’s considerable scientific achievements and contributions to the campus.

Dr. Ayala, professor of ecology and evolutionary biology, won the 2010 Templeton Prize valued at $1.51 million dollars. The Prize is the world’s largest annual award given to an individual and honors a living person who has made exceptional contributions to affirming life’s spiritual dimension, whether through insight, discovery, or practical works. Dr. Ayala donated the monetary award to UCI for graduate fellowships in biological sciences.
At UCI, the world is at your fingertips. We are one of the nation’s preeminent universities in a broad range of fields that have garnered high national and international rankings. As an undergraduate, you are encouraged to engage in research and have access to impressive opportunities in every major.

**Academic Structure**
UCI’s education and research missions are fulfilled in its academic units. Instruction and research programs focus on fundamental areas of knowledge, while at the same time provide for interdisciplinary and professional study through the Claire Trevor School of the Arts, School of Biological Sciences, The Paul Merage School of Business, School of Education, The Henry Samueli School of Engineering, School of Humanities, Donald Bren School of Information and Computer Sciences, Interdisciplinary Studies, Program in Nursing Science, Department of Pharmaceutical Sciences, School of Physical Sciences, Program in Public Health, School of Social Ecology, School of Social Sciences.

Regardless of your major and academic unit, you are able to take courses in different schools departments, and/or programs. Many students choose to add on a minor or double major in different areas of study. Our campus environment nurtures and guides students’ experiences, enabling them to identify and realize exciting life aspirations.

**Academic Advising**
Each academic unit provides academic advising – academic counselors assist you with developing a plan to graduate within four years if you enter as a freshman or two to three years if you enter as a transfer student. The academic counselors also help you decide on which courses to take in order to complete UCI’s general education and major requirements.
Majors and Minors by School

A UCI education opens doors to abundant and exciting possibilities. See www.editor.uci.edu/12-13/ and guides students experiences, realize exciting life aspirations.

</table>
Enrich your academic experience by studying abroad, conducting research projects, engaging in leadership development, and participating in honors programs. UC Irvine offers a Campuswide Honors Program, Humanities Honors Program, major-specific honors programs, several Excellence in Research programs ... and more. Complement your traditional classroom academic experience with hands-on practical learning by taking advantage of a variety of unique and engaging opportunities.

**Campuswide Honors Program** [www.honors.uci.edu](http://www.honors.uci.edu)

The Campuswide Honors Program (CHP) is a highly selective honors program committed to providing undergraduates with a personal, challenging, and rewarding educational experience. UC Irvine Honors combines the academic rigor and individual attention of a selective liberal arts college with the exceptional resources of a large, dynamic research university. CHP is available to high-achieving students in all majors from the freshman to the senior years.

**Global Leadership Certificate Program** [www.studyabroad.uci.edu/glp](http://www.studyabroad.uci.edu/glp)

The world becomes more interdependent each day and you can prepare to succeed in this new global community while you’re still at UCI. Understanding the complexities of our diverse world and developing global leadership skills will help you to function effectively in different cultural contexts. The Global Leadership Certificate Program is uniquely designed to help students broaden their understanding of what leadership means in a global society, and gain skills necessary to make a difference and initiate change. It will also help you understand your own culture(s) from the perspective of others, allowing you to be a responsible, ethical, and successful global citizen.

**Scholarship Opportunities Program** [www.scholars.uci.edu/about.asp](http://www.scholars.uci.edu/about.asp)

The Scholarship Opportunities Program (SOP) assists students in securing prestigious international, national, and regional scholarships through individual advising and group workshops. The SOP staff provides expert planning and guidance, helping students match their talents and experience to the best academic scholarship opportunities in the world.
Study Abroad Programs  www.studyabroad.uci.edu
Programs are available for nearly every interest area and academic field, whether you want to study, work, intern, volunteer, research, or teach. Explore the possibilities at the Study Abroad Center on campus.

UCDC Academic Internship Program  www.dccenter.uci.edu
The UC Washington DC (UCDC) Academic Internship Program enables you to pursue internships, courses, and research in our nation’s capital. Each year outstanding UCI undergraduate students are selected for ten week internships in Washington, D.C. during the fall, winter, and spring quarters. A UCDC academic internship provides an ideal vantage point for you to examine behind-the-scenes activities that shape our nation’s future.

UC Center Sacramento Academic Internship Program  uccs.ucdavis.edu
The UC Center Sacramento (UCCS) Academic Internship Program enables undergraduate students to pursue internships, courses, and research in our state capital during the summer, fall, winter, and spring quarters. A UCCS academic internship provides an ideal vantage point for you to examine behind-the-scenes activities that shape our state’s future.

Undergraduate Research Opportunities Program  www.urop.uci.edu
The Undergraduate Research Opportunities Program (UROP) facilitates research and creative activities by undergraduates from all disciplines at UCI. UROP offers assistance to students and faculty through all phases of the research process, whether it is with proposal writing, developing research plans through project management skills, awarding grants to fund research projects, scholarly journal writing, or presenting results of the research or creative project. The experience gained provides students with the necessary skills to succeed in their future careers.
A variety of student services and resources are here for you to take advantage of as an undergraduate. Support is available to you through programs and activities offered in multiple centers on the UC Irvine campus for just about any academic, personal, social, or career interest.

Career Center
www.career.uci.edu
Establish educational and experiential paths that will jumpstart your future! Whether deciding to pursue an advanced degree after graduation or immediately begin a professional career, UCI’s Career Center can help. You can meet with trained professionals to obtain the tools necessary to evaluate majors, providing the best academic preparation for potential career interests; research occupations; and select and apply to graduate, law, or other professional schools. We can help you in searching for the perfect internship or job!

Center for Service in Action www.volunteer.uci.edu
The Center for Service in Action promotes volunteerism, recognizing the important role community service and experiential learning plays in the education of students. Our programs and services encourage you to develop a sense of civic responsibility through meaningful and mutually beneficial service and education about social concerns. We sponsor and participate in a wide variety of services, programs, and special events to promote community service, volunteerism, and conservation.
Cross-Cultural Center (CCC)  www.ccc.uci.edu
The Cross-Cultural Center provides a network of support services promoting the personal, social, cultural, and academic well-being of UCI’s ethnic and culturally diverse student body. The CCC was the first multicultural center at a campus of the University of California. As it has since its establishment in 1974, the CCC continues to provide many students a home away from home. And, for many, it remains a “safe harbor” from which you may launch your involvement in myriad campus programs and leadership opportunities.

Disability Services Center  www.disability.uci.edu
A campuswide responsibility and commitment is to provide equal opportunities for students with disabilities. The Disability Services Center assists students whose disabilities include, but are not limited to, orthopedic, visual, hearing, learning, chronic health and psychological disabilities. Our mission is to empower students to reach their potential in every aspect of their lives by moving beyond success to significance through education, service, and support.

Health Education Center  www.healtheducation.uci.edu
The UCI Health Education Center sets the standard in collegiate health education by focusing on the unique and relevant health needs of our students. We empower students to make informed decisions that support their health and contribute to a healthy campus environment. We offer student leadership opportunities through the Peer Educator program, student organizations, field study/practicum placements, and volunteer assignments.
International Center  www.ic.uci.edu
The UCI International Center, part of Student Life and Leadership, provides information and support to maintain visa status and valuable programs, resources and guidance to help students reach personal and academic goals. The International Center offers a variety of programs, including the English Conversation Program, the English Development Workshop Series, and the International Coffee Hour. The Center also offers workshops and activities for all students throughout the year.

Lesbian, Gay, Bisexual, Transgender Resource Center (LGBT)  www.lgbtrc.uci.edu
The LGBT Resource Center is dedicated to providing a safe and welcoming environment for UCI’s diverse lesbian, gay, bisexual, transgender, queer, questioning, intersex, and ally communities. The Center raises awareness, increases visibility, and engages in advocacy regarding LGBTQQIA issues. In addition, the Center provides opportunities for leadership and personal development, serves as a resource for LGBTQQIA students, and creates programs and services that work to eliminate heterosexism, homophobia, and gender identity oppression. The LGBT Resource Center strives to develop an atmosphere of acceptance and well-being in which the campus community can support the academic mission of the university.

Learning and Academic Resource Center (LARC)  www.larc.uci.edu
LARC’s mission is to promote the academic success of UCI’s students by helping them to grow intellectually, develop effective oral and written communication skills, and build the self-esteem necessary to become confident, independent learners. The scope of the center’s assistance includes small group tutoring in a wide variety of courses, writing and oral communication workshops, individual conferences in writing and study skills, and individual assistance in several subject areas.
Student Outreach and Retention Center (SOAR)  soar.uci.edu
The SOAR Center serves as an information hub and a bridge between students and the resources and services that contribute to their success. SOAR is committed to the outreach, retention, and successful degree completion of every undergraduate student at UCI. The center is a space for students to study, interact with each other, and engage in the planning and implementation of student initiated outreach programs for underrepresented students in middle schools, high schools, and community colleges.

Student Center  www.studentcenter.uci.edu
The UCI Student Center is the destination for music, billiards, video games, coffee, computer labs, a pub – and is an amazing location for gathering with friends and enjoying a meal from one of the many food courts. One can walk through the Center and purchase books, make travel arrangements or visit the bank. Study spaces and lounges – from quiet spaces to recreation and television lounges – can be found throughout the building. It is also a campus location for almost any size event.

Student Health Center  www.shc.uci.edu
All fully registered students and students approved for part-time study are eligible to access services at the Student Health Center. Our facilities and services include outpatient clinics staffed by certified, licensed medical professionals; nurses with expertise in college health; a clinical laboratory; radiology; and a pharmacy. We house multiple clinics – general, specialty, and nurse – that are available by appointment to assist you with your medical needs.

Student Support Services  www.due.uci.edu/SSS
Student Support Services (SSS) is a comprehensive support program that assists first-generation, low-income students, and students with disabilities with making a successful transition to the university and earning their baccalaureate degree. Our staff is committed to helping you achieve your educational and personal goals. By participating in SSS, you will receive

and activities offered in multiple centers personal, social, or career interest.
We aim to ensure that our students’ affect positive change in the

individual counseling sessions with well-trained and knowledgeable counselors, peer mentoring from upper-division students who have learned to be successful in college, information on campus and community resources, an invitation to a series of workshops aimed at transition to the university and college success, and the opportunity to participate in a summer bridge program for incoming freshmen and transfers.

**Study Abroad Center** [www.studyabroad.uci.edu](http://www.studyabroad.uci.edu)

The mission of the Study Abroad Center is to foster a culture at UCI in which study abroad is expected and achievable for all students. The Center assists students in participating in programs abroad that offer unique academic opportunities, international learning and personal development while making progress toward their UCI degree. Graduates who have studied abroad become future leaders – in public, private and nonprofit sectors – with a more nuanced understanding of other countries and cultures as well as greater self-awareness and self-confidence. We aim to ensure that our students’ study abroad experiences help them affect positive change in the world, both locally and globally.

Through the UC Education Abroad Program, the International Opportunities Program, and the UCI Summer Abroad Program, UCI offers the highest quality international study experiences. Professional staff and peer advisors who have returned from an international experience are available to help students find international programs that are a good fit for their educational goals.

Come into the Study Abroad Center early to plan ahead! The choices are limitless – change your global perspective and discover what the world has to offer!
Transfer Student Center [www.transfercenter.uci.edu](http://www.transfercenter.uci.edu)

The Transfer Student Center assists transfer students with their transition to UC Irvine from their previous institution. Transfer students have access to resources such as private study rooms, computers, orientation workshops, counselors, and transfer mentors.

UCI Libraries [www.lib.uci.edu](http://www.lib.uci.edu)

The UCI Libraries bring people together to facilitate the creation and sharing of new knowledge in all disciplines across campus. Our libraries support the research information needs of students, faculty, staff, and community members through the Libraries’ Web site and at six library locations: the Langson Library, the Ayala Science Library, the Libraries Gateway Study Center, Law Library, School of the Arts Media Center, and the Grunigen Medical Library in Orange.

Veteran Services [www.students.uci.edu/veteran](http://www.students.uci.edu/veteran)

Veteran Services is a resource center at UC Irvine dedicated to providing a welcoming environment for veterans, reservists and their dependents, along with assistance in obtaining educational benefits. The office is responsible for submitting entitlement requests for new and continuing students to the U.S. Department of Veterans Affairs, answering any questions you may have concerning your educational benefits, and providing resources to assist in navigating the transition to civilian and student life.

study abroad experiences help them world, both locally and globally.
Get ready to get involved, learn, enjoy new experiences, and have an amazing time as you take advantage of all that our university has to offer!

Campus Organizations www.campusorgs.uci.edu to www.studentlife.uci.edu
With more than 600 student clubs and organizations, UCI is a hub of energy. Whether your interests are academic, environmental, multicultural, political, recreational, religious, service, social, athletic, or in Greek fraternities or sororities — UC Irvine has a club for you!

Get involved! Associated Students of UCI (ASUCI) is the undergraduate government on campus. The student-run and student-elected organization advocates on your behalf and creates programs that will enhance your UCI experience. ASUCI hosts an extensive array of on-campus activities — you can enjoy concerts, festivals, professor luncheons, guest lectures, movie screenings, and comedy nights — all for free! Involvement in student government is the best way to gain leadership experience.

Campus Events www.studentlife.uci.edu
Take time away from your studies and check out campus events that are fun-filled favorites among our students.

During the fall, you can kick-off your collegiate experience with the Welcome Week celebration. Activities during Welcome Week showcase student clubs and organizations, student talent and entertainment. Shocktoberfest, a Halloween-themed attended by thousands of students consists of an outdoor street festival with amazing music performances, campus organization and sponsor booths, and an exhibition by the UCI basketball teams. Toward the end of the quarter, the Cross-Cultural Center hosts the Rainbow Festival and Conference, which promotes and celebrates diversity and multiculturalism on campus.

Winter quarter has one of the most highly anticipated educational events of the year, the Martin Luther King, Jr. Symposium. This week-long event honors the life and legacy of Dr. Martin Luther King, Jr. with speeches, rallies, and service projects. And each year Anteater pride is celebrated during Homecoming — as current students, faculty, staff, and alumni enjoy an afternoon of games, prizes, awesome entertainment, food, and a men’s basketball game.

UCI men’s volleyball won its third National Championship in the last six years.
The school year culminates with – Celebrate UCI. This annual spring event features an outdoor festival, open house, and car show. Wayzgoose, UCI’s oldest tradition, is a student run festival in Aldrich Park filled with live entertainment, food, games, and more! Greek Songfest, a year-long fundraising event, has become one of the campus’s most inspiring and enjoyable events. With the support of campus fraternities and sororities, renditions of Broadway musicals are performed complete with sets, costumes, complex choreography, and lighting designs.

**Athletics [www.ucirvinesports.com](http://www.ucirvinesports.com)**

A NCAA Division I school, UCI is a member of the Big West Conference as well as the Mountain Pacific Sports Federation. Our athletics program features 18 intercollegiate athletic teams (nine men’s teams and nine women’s teams). UCI has won 27 national team championships in nine different sports, has had 64 individual national champions, and 55 Olympic participants. UCI has also had over 400 All-Americans.

**Campus Recreation [www.campusrec.uci.edu](http://www.campusrec.uci.edu)**

Campus Recreation provides UCI students, faculty, and staff with the opportunity to enhance their campus experience by developing and maintaining a physically active lifestyle through fitness and wellness, outdoor adventures, club sports, intramural sports, and activity classes. If you are interested in competing in sports, join a UCI Intramurals or a Club Sports team. Club sports allow you to compete against students at other colleges and universities; while intramural sports is UCI students competing against other UCI students in a recreational setting. There are over 33 active UCI Club Sports teams and 8,000 intramural sports participants annually.

**The Anteater Recreation Center**

The ARC is the Department of Recreation’s main facility on campus, and features 20,000 square-feet of strength and cardio space with cardiovascular and weight machines, and more than 30 tons of free weights. Additional features include: a three-court gym, a rounded corner multi-use gym, an elevated running track, personal training opportunities, racquetball courts, a rock climbing wall, lap and leisure pools, multipurpose rooms, a demonstration kitchen, massage therapy rooms, and a juice bar. Cardiovascular classes, such as break dancing, salsa, cycling, martial arts, and many others are also available. Campus Recreation also manages the UCI crew base in the Newport Back Bay for boating activities and maintains space at the Intercollegiate Sail Base for sailing classes and clubs.

**NCAA Sports**

- Baseball (men’s)
- Basketball (men’s and women’s)
- Cross Country (men’s and women’s)
- Golf (men’s and women’s)
- Indoor Track (women’s)
- Soccer (men’s and women’s)
- Tennis (men’s and women’s)
- Track and Field (men’s and women’s)
- Volleyball (men’s and women’s)
- Water Polo (men’s and women’s)

an extensive array of awesome the year for you to enjoy!
The transition to college life is made simple by the welcoming feel of UCI’s campus.

An important aspect of college life is engaging with fellow students within your new environment. Roughly 80 percent of UCI freshmen choose to live on-campus which provides many advantages – convenient access to campus resources, more contact with faculty and staff, and numerous opportunities to form new friendships and a sense of community.

Vista del Campo, a privately owned apartment community on the UCI campus, has been named Best Student Housing Apartment Community by the National Association of Home Builders.

Housing [www.housing.uci.edu](http://www.housing.uci.edu)

On-campus housing is currently guaranteed for two years to all incoming freshmen; and one year for transfer students. Family housing is not included in the housing guarantee. Housing application and contract-return deadlines must be met. Visit the housing website for details and additional information.

UCI provides convenient, comfortable, and secure undergraduate housing options, including residence halls, academic theme houses, fraternity and sorority houses, international houses, and apartments. All student rooms are equipped with high speed Internet and cable TV connections.
Housing Communities

- **Mesa Court** and **Middle Earth** are primarily freshman communities offering a wide range of theme halls with live-in resident advisors.
- **Arroyo Vista** includes sophomores, juniors, and seniors. It offers an alternative to traditional residential hall living with different academic theme, international, transfer, and fraternity and sorority houses for undergraduate students.
- **Campus Village** accommodates continuing students in two bedroom, one bath apartments which serves students who are seeking a more independent style of living.
- **Vista del Campo, Vista del Campo Norte, Camino del Sol and Puerta del Sol** are privately owned and managed apartment communities located on the east side of the UC Irvine campus, offering furnished apartments to single students who are sophomores, juniors, seniors, or graduate students.

Dining [www.ucidining.com](http://www.ucidining.com)

Whether it's a tasty bite to eat before class, dinner, or a place to hang out, UCI Hospitality and Dining is here to satisfy all your cravings. There are three all-you-care-to-eat dining restaurants and over 15 retail dining locations to choose from. The dining locations are situated throughout the campus so you are only minutes away from grabbing a complete meal. Some of the popular restaurants include Quiznos, Starbucks, Wendy's, Organic Greens to Go, Wahoo's Fish Taco, Anthill Pub & Grill, Jamba Juice, Subway, and Panda Express. There are also convenience stores on campus for a quick bite or drink while you study on campus.

Off campus, within walking distance, are plenty of places to eat and meet with friends for burgers, pizza, sandwiches, yogurt, coffee, or even to dine at full service restaurants. A short ride from campus there is an even greater variety of dining establishments to fit all budgets.

Some of the off campus eateries include In-N-Out Burger, Yogurtland, Del Taco, Chakra Indian Cuisine, California Pizza Kitchen, Daphne's Greek Café, McDonald's, P.F. Chang's, Einstein Bros Bagels … and many more.
Financial Aid and Scholarships

www.ofas.uci.edu

Financial Aid
UC Irvine has two important roles in financing your education: to administer a variety of financial assistance programs, and to provide you with sufficient support to pursue your education. If you demonstrate the need for financial assistance, you may be eligible for scholarships, grants, loans, and/or work-study. Also, you can be awarded scholarships on the basis of academic excellence.

Types of Financial Aid
- **Grants** are awarded on the basis of financial need and do not have to be repaid.
- **Scholarships** are awarded on the basis of academic criteria, or any combination of academics, financial need, leadership positions, campus or community activities, and work experience. They are designed to reward, encourage, and assist you in pursuing academic excellence and leadership roles.
- **Loans** are money that must be repaid over a period of time, usually after you leave school.
- **Work-study** is money that you may earn by working a part-time job. The program allows you to gain work experience and pay for a part of your educational expenses as you earn your award. Most jobs are on campus and departments are eager to hire students with work-study awards.

Applying for Scholarships
When you apply for admission to UC Irvine, you are also applying for scholarships. You can be eligible automatically for certain scholarships because decisions are based on information provided in your UC Application. However, other scholarship opportunities may require you to submit additional documentation.

**Blue + Gold Opportunity Plan**
www.universityofcalifornia.edu/blueandgold
UC’s Blue and Gold Opportunity Plan will cover your educational and student services fees if you are a California resident whose family earns less than $80,000 a year and you qualify for financial aid — and that’s just for starters. Blue and Gold students with sufficient financial need can qualify for even more grant aid to help reduce the cost of attending.
Free Application Federal Student Aid (FAFSA)  www.fafsa.ed.gov

To obtain financial aid, you must file a FAFSA. FAFSA is a free application to determine new and continuing students’ eligibility for financial assistance throughout their college career. On the application, you will be required to answer numerous questions regarding your and your family’s assets, income, and dependency. It is helpful to have access to your and your family’s income tax returns, W-2 forms, and bank statements in order to complete the FAFSA application.

The UC Irvine School code is 001314 – you will need this code when you apply. Visit www.fafsa.ed.gov for FAFSA application deadlines and details.

* For nonresidents of California, add $22,878 nonresident tuition and fees to the costs above. The amounts shown in this chart represent fees as currently estimated for the 2012-13 academic year.
** Living expenses includes books and supplies, room and board, personal, and transportation; may vary per individual student.
***Vista del Campo, Vista del Campo Norte, Camino del Sol and Puerta del Sol housing are treated as on campus.

Estimated costs and fees are subject to change. Please check www.ofas.uci.edu and www.reg.uci.edu/fees for the most up-to-date information.
In order to be eligible for admission to UC Irvine, you must satisfy the GPA, "A – G," and examination requirements.

**GPA Requirement**
You must receive a 3.0 GPA or higher in the required “A – G” subjects during grades 10 and 11. If you are a non-California resident, you must have a minimum 3.4 GPA in order to be eligible for the UC System; all other requirements for admission are the same as for California residents.

**A – G Requirements**
The “A – G” requirements, also called Academic Subject Requirements, represent the minimum academic preparation freshmen applicants must meet to be eligible for admission to the University of California. There are seven subject areas included in the “A – G” requirements, each with a minimum number of years of required study. Meeting these minimum “A – G” requirements does not guarantee admission to UCI.

A. 2 years of History/Social Science
   - One year of world history, cultures and geography
   - One year of U.S. history OR a semester of U.S. history and a semester of American government/civics
B. 4 years of English
C. 3 years of Mathematics (4 years recommended)
   - Must include algebra, geometry, and advanced algebra
D. 2 years of Laboratory Science (3 years recommended)
   - Must include two of these three subjects: biology, chemistry, and physics
E. 2 years of Language other than English (3 years recommended)
   - The second year or higher of the same language must be completed to fulfill this requirement
F. 1 year of Visual and Performing Arts
   - Both courses must be from the same discipline (dance, drama/theater, music or visual arts)
G. 1 year of College Preparatory Electives
Doorways
www.ucop.edu/doorways
Please visit the Doorways website for additional information regarding “A – G” requirements and UC eligibility. California high school students can view their school’s UC certified course list, which includes courses that will be considered for honors.

All students applying for freshman admission must submit the following college admissions test scores:

The SAT Reasoning Test or the ACT With Writing

The critical reading, mathematics, and writing scores on the SAT must be from the same sitting. Students who take the ACT must report their scores on each section of the test as well as their composite score.

SAT Subject Test scores are no longer required. However, submission of SAT Subject Test scores may add positively to the review of a student’s application. See the Examination Requirement section in the UC Irvine general catalog for SAT Subject Test recommendations at www.editor.uci.edu/12-13/.

International Applicants
International applicants should also visit www.admissions.uci.edu/prospective_international for information about UC Irvine admission requirements specifically for students living outside of the U.S.

Average Test Scores for UCI Admitted Students Fall 2012
Mean SAT verbal score 586
Mean SAT math score 643
Mean SAT writing score 609
Average ACT composite score 27
UCI is committed to providing educational excellence and a vibrant campus life for transfer students. We give priority to junior-level students transferring from California Community Colleges and welcome the distinctive experience transfer students contribute to our campus. Below are the transfer requirements and helpful hints on how to prepare academically for admission to UCI.

**Basic UC Transfer Requirements**

- 60 semester or 90 quarter UC transferable units with a minimum 2.4 GPA; however, a competitive UC Irvine transfer applicant should have a UC transferable GPA of 3.0 or above.
- All 60 semester or 90 quarter UC transferable units must be completed by spring 2012.
- Complete the following seven transferable college courses (with a grade of a C or better in each course):
  - Two UC transferable courses in English composition
  - One UC transferable course in mathematical concepts and quantitative reasoning
  - Four UC transferable courses chosen from at least two of the following areas: the arts and humanities, the social and behavioral sciences, or the physical and biological sciences

**NOTE:** If you are a non-California resident, you must have a minimum 2.8 GPA in order to be eligible for the UC System.

Please see www.universityofcalifornia.edu/admissions/transfer/requirements/index.html for additional information regarding transfer admission requirements.
Unit Limitations
The maximum number of community college units that can be transferred and applied to UCI graduation credit is 70 transferable semester or 105 transferable quarter units. No more than 14 semester (21 quarter) units may be taken for Pass/No Pass credit (not major prerequisites).

You may receive subject credit for courses taken in excess of the maximum. Grades earned in all UC transferable coursework are used in calculating the UC transferable GPA.

UC Irvine Transfer Major Requirements
In addition to meeting UC transfer eligibility requirements, students applying to UC Irvine must also meet the requirements for their specific major. Please go to www.admissions.uci.edu/resources/transfer_selection to view the transfer admission requirements for your desired major.

International Applicants
International applicants should also visit www.admissions.uci.edu/prospective_international for information about UC Irvine admission requirements specifically for students living outside of the U.S.
Transfer Resources

ASSIST
www.assist.org

ASSIST is the California statewide site that provides the most accurate and up-to-date information to help you transfer from a community college to a four-year university.

The site will help you find:
- which courses satisfy lower division GE requirements
- which courses transfer to UCI
- which requirements are needed for specific majors

California Community College Advising
UCI offers walk-in counseling to prospective California Community College transfer students on weekdays from 2-4 p.m., in the Undergraduate Admissions Office, 260 Aldrich Hall. To ensure a counselor will be available, please call 949-824-6703 before visiting the campus.

Remember to bring your unofficial transcripts to the advising session so that we will be able to assist you in the transfer process.
Transfer Admission Guarantee (TAG)  www.admissions.uci.edu/tag

UC Irvine’s TAG Program guarantees admission to highly-qualified students from all California Community Colleges. Admission to most majors at UC Irvine can be guaranteed through TAG for transfer students who meet the eligibility requirements and complete the online TAG application. Review the TAG website to see the specific GPA and course requirements for your desired major.

Are You Eligible for TAG?
Are you a California Community Colleges applicant who:
• has completed 30 semester or 45 quarter UC transferable units by the end of the summer 2012 term for fall 2013 admission at one or more California Community Colleges, excluding AP/IB/A-level credit;
• has earned a minimum GPA of 3.2 in all UC transferable coursework by the end of the summer 2012 for fall 2013 admission and will maintain a GPA of 3.2 in all UC transferable coursework for all subsequent terms;
• has completed one UC transferable math course with a grade of C or better by the end of the summer 2012 term;
• has completed one UC transferable English course with a grade of C or better by the end of the summer 2012 term (second UC transferable English course must be completed by spring 2013);
• will complete 60 UC transferable semester units or 90 UC transferable quarter units by the end of spring 2013 for fall 2013 admission;
• will complete all major coursework for your chosen major including course prerequisites and minimum course GPA by the end of spring 2013 for fall 2013.
• will be in good standing for all colleges attended, and satisfy all UC transfer eligibility requirements.

Many students who are not eligible for TAG are still exceptionally well-qualified and are strongly encouraged to apply for admission to UC Irvine through the regular application process during the filing period. For fall 2013 admission the UC Application filing period is November 1-30, 2012.

TAG: How to Apply
a) Submit an online TAG application (https://uctap.universityofcalifornia.edu) during the TAG application filing period September 1-30, 2012, and
b) Submit a UC undergraduate application (www.universityofcalifornia.edu/admissions) to UC Irvine during the UC Application filing period November 1-30, 2012.

Which Majors Will Not Participate in TAG Fall 2013?
Arts and Humanities, Biochemistry and Molecular Biology, Business Administration, Dance, Developmental and Cell Biology, Genetics, Humanities and Arts, Information and Computer Science (ICS), Microbiology and Immunology, Music, Neurobiology, Nursing Science, and Plant Biology.
You may apply to one or more of the University of California’s nine undergraduate campuses using a single application. You can apply online at www.universityofcalifornia.edu/apply.

When to Apply
The application filing period for fall admission is November 1-30.

UC Irvine does not accept applications for winter or spring quarters.

Choosing a Major
You will need to designate a major on your application. Not sure what you want to major in? Freshmen applicants can apply as an undeclared major within a specific school or as undecided/undeclared if uncertain about choosing a particular field. Transfer applicants are required to declare a major.

Submitting Your Application
Once you have completed the application, submit it with the application fee of $70 for domestic applicants or $80 for international applicants. The application fee entitles you to apply to one UC campus – if you apply to more than one campus you must pay an additional $70/$80 for each campus that you select. To see if you are eligible to waive the application fee, apply for a fee waiver online through the UC Application.

If information changes after you have submitted your application, such as your address, current school, in-progress or planned coursework, or other items on your application, you must notify UC Irvine’s Office of Admissions and Relations with Schools through the Message Center at www.admissions.uci.edu.
Key Dates

Fall
September 1-30
• TAG application submission period for fall admission. Apply online at https://uctap.universityofcalifornia.edu.

November 1-30
• UC priority application filing period for fall quarter admission and scholarships. Application must be filed no later than November 30.

Apply online at www.universityofcalifornia.edu/apply.

Winter
December
• Last opportunity for applicants to take SAT Reasoning Test or ACT With Writing.

Spring
March 1-31
• UCI notifies freshmen applicants of their admissions status.

March 2
• Priority deadline for filing the Free Application for Federal Student Aid (FAFSA) and GPA verification form for Cal Grant consideration.

April 1-30
• UCI notifies transfer applicants of their admissions status.

April (generally the third Saturday)
• “Celebrate UCI” – campus open house

May 1
• Freshman Statement of Intent to Register (SIR) and Statement of Legal Residence (SLR) due.
• Priority deadline for UCI to receive all required supporting documents to complete students’ financial aid applications.
• Housing applications due for Freshmen.

Summer
June 1
• Transfer Statement of Intent to Register (SIR) and Statement of Legal Residence (SLR) due.
• Housing applications due for Transfer Students.

July 15
• Final transcripts and all official documents due to the Office of Admissions and Relations with Schools.

Fall admission is November 1 - 30.
www.universityofcalifornia.edu/apply.
For Freshmen:  
Student-Parent Orientation Program (SPOP)

www.students.uci.edu/orientation

At SPOP, freshmen receive a comprehensive orientation to UCI, academic advising, program planning, and course registration. Campus tours, social activities, and meeting current and new UC Irvine students are also part of the orientation experience. This orientation program is offered multiple times during the summer and attendance is required for all freshmen.

For Transfer Students:
Transfer Success

www.students.uci.edu/orientation

Our goal is for your transfer experience at UC Irvine to be positive and enriching, academically and socially. At Transfer Success you will be able to meet other new transfer students, learn about UCI and its resources, and talk with currently enrolled UCI students who can share their ‘survival secrets!’ Transfer Success is an optional program and does not include academic advising.

For International Freshmen:
New International Orientation

www.students.uci.edu/orientation

International freshmen who can not attend SPOP will be required to attend the new International Orientation. The orientation offers a comprehensive introduction to campus resources and life at UCI, a review of important academic information, a chance to visit the school of your major and meet with an Academic Advisor, and many social activities and opportunities to make friends.
Special Summer Programs

To get an early start on your UCI experience, consider enrolling in one of the unique summer programs offered on campus for admitted freshmen and transfer students. It’s the perfect way for new students to become familiar with campus, develop new friendships, and transition to university life.

Admitted Freshmen

Freshman Summer Start  
www.summer.uci.edu/fssp

Get an early start on your UCI experience during the summer by participating in the Freshman Summer Start Program, a unique opportunity for you to begin building an academic and social foundation that you will enjoy throughout your undergraduate years.

As a Freshman Summer Start student, you will enroll in undergraduate classes, attend academic prep workshops, and participate in a wide-range of co-curricular activities and events. By the beginning of the fall quarter, you will have already started on your university coursework and graduation requirements, become acquainted with campus and its surrounding community, gained confidence in meeting and speaking with professors, and become a part of a close-knit group of first-year students.

The program’s special workshops and sessions on various aspects of campus life for freshmen include: orientation to places such as the Career Center and the Anteater Recreation Center (ARC); introduction to the Undergraduate Research Orientation Program (UROP); and sessions on time management, study skills, college composition, study abroad, and career planning. The “INSIDE UCI” lecture series provides an introduction to research projects and faculty from all 10 of the university’s academic schools.

Freshman Summer Start offers a special pathway for international students called “Early Start International” – a valuable program that helps students new to the country become acquainted with campus and the university, and acclimated to American life. Program participants also acquire the necessary skills for success at UCI and have the opportunity to build relationships with other international and American students.
Admitted Transfer Students

Transfer Summer Start Program
www.summer.uci.edu/transfer

As a newly admitted student transferring into the University of California, Irvine, you are invited to take part in the Transfer Summer Start Program — an innovative, experiential opportunity that will provide you with a rich academic, social, and personal foundation as you embark on your new academic career at UCI.

Begin your transfer experience in the summer when the campus environment is more relaxed. During this program, you will be a part of a smaller community of students transferring to UCI, making it easier to engage in opportunities that familiarize you with the academic rigor and social scene of the university.

The program’s special workshops and sessions on various aspects of campus life for upperclassmen include: using the UCI library for research, getting to know the faculty, career planning, study abroad, getting involved on campus, leadership development, public speaking, and writing. The “INSIDE UCI” lecture series provides an introduction to research projects and faculty from all 10 of the university’s academic schools.

Attend Transfer Summer Start and by the beginning of the fall quarter you will have already started on your UCI coursework and graduation requirements, become acquainted with campus and its many resources, gained confidence in meeting and speaking with professors, and become a part of a group of transfer students who have bonded as classmates and friends.
Opportunities for graduates to continue their studies at UC Irvine are available through numerous prestigious graduate programs and professional schools in the areas of art, business, education, law, medicine and many, many others. UCI currently offers 57 master’s, an M.D., Ed.D., J.D. and 46 Ph.D. programs. Three opportunities are highlighted below.

**The Paul Merage School of Business**  [www.merage.uci.edu](http://www.merage.uci.edu)

The Paul Merage School of Business M.B.A. programs consistently rank among the best in the world, including No. 1 in the U.S. for employment of M.B.A. students within three months of graduation by *Financial Times*.

The school consistently ranks among the top 10% of all AACSB-accredited programs through exceptional student recruitment, world-class faculty, a strong alumni network and close individual and corporate relationships.

**School of Law**  [www.law.uci.edu](http://www.law.uci.edu)

Having graduated its inaugural class in 2012, UCI’s School of Law is the first public law school in California to open in more than 40 years.

UCI Law seeks to create the ideal law school for the 21st century by doing the best job in the country of training lawyers for the practice of law at the highest levels of the profession. The law school's innovative curriculum stresses hands-on learning, interdisciplinary study and public service.

**School of Medicine**  [www.som.uci.edu](http://www.som.uci.edu)

Ranked as one of the top 50 U.S. medical schools for research by *U.S. News & World Report*, University of California, Irvine’s School of Medicine is dedicated to advancing medical knowledge and clinical practice through scholarly research, physician education and high-quality care.

The medical school nurtures the development of medical students, resident physicians and scholars in the clinical and basic sciences and supports the dissemination of research advances for the benefit of society. Each year, the school educates more than 400 medical students and trains more than 600 residents and fellows at UC Irvine Medical Center and affiliated institutions.

Note: majors with a * are also available as minors; majors with ** are offered jointly by two schools.
Campus Tours
www.campustours.uci.edu

It’s the best way to get to know us!
Led by student Campus Representatives, tours for you and your guests are offered throughout the year. Campus tours consist of a one hour walking exploration of UC Irvine’s campus – showcasing our cutting-edge educational facilities, academic programs, and vibrant student life. Campus tours occur Monday through Friday at noon throughout the year.

Housing tours will show you the small college atmosphere in our first-year residence hall communities. Housing tours are given Monday through Friday at 1:30 p.m. (Check www.campustours.uci.edu for additional times.)

You should meet for the tours at the Visitor Center (A138) in the UCI Student Center. If you are planning on touring campus with a group of 10 people or more, please make a reservation online.
