Welcome
Fifty years ago, our founding chancellor, Daniel Aldrich Jr., and President Lyndon B. Johnson dedicated the site of the University of California, Irvine, with the goal that one day it would be a world-class university. Today, that vision is realized in myriad faculty, student, and alumni achievements that are illuminating new possibilities in our state and around the globe.

UC Irvine has been named the top university in the nation under 50 years of age for four years in a row. We are consistently among the world’s best, with national rankings and achievements in the sciences, arts, humanities, medicine, and management. Three UC Irvine professors have won Nobel Prizes for their contributions to the advancement of human knowledge. Our alumni have won Pulitzer Prizes and Olympic medals, and are leaders in business, the arts, science, and education. In all walks of life, graduates from UCI make a difference.

Our campus has all the advantages of a large, dynamic research university, with many opportunities for students to be involved in undergraduate research. By the time they are seniors, 91 percent of UCI students have participated in faculty research. And with the circular layout of our campus surrounding beautiful Aldrich Park, our tight-knit community thrives with the friendly feel of a small college. Our academics and community combine to create an exceptional undergraduate experience. UC Irvine draws students looking for world-class faculty, cutting-edge academic programs, award-winning housing and facilities, a vibrant campus life, and the opportunity to live and study among the best and brightest minds in academia.

UCI is the ideal place to study the past, enjoy the present, and shape our future. I invite you to explore all we have to offer and challenge yourself to shine brighter.

Sincerely,

Howard Gillman
Chancellor
Greetings to Parents

On behalf of my colleagues at the University of California, Irvine, the students we teach, counsel and provide for, and the broader community that we serve, I would like to thank you for your interest in our campus. This is a magnificent place to nurture the dreams and aspirations of your sons and daughters, and we will provide them with academic and co-curricular experiences that will stimulate their intellects, ignite their passions and quench their thirsts for knowledge and information.

But to truly appreciate the UCI experience, I hope you will be as excited as I am about our world-class faculty. From the sciences to the fine arts, we boast a faculty that is always on the cutting-edge of new technologies, new information and new research. Their hands-on work with students is impressive. Indeed, their lives and professional artistry are measured across the landscape of academic classrooms, clinical and counseling treatment rooms, research labs, administrative offices and professional conferences.

UC Irvine has also maintained the ambiance of a small college campus with a strong mutual support network among students, faculty and staff. Although we are a medium size, dynamic university, the campus culture is that of a nurturing and caring environment. This ‘small college feel’ is an aspect of our distinctive legacy in which we take great pride. Through interaction with faculty and staff, quality of instruction, mentoring, encouragement to study abroad, campus diversity and much more, UCI students experience the value we place on ensuring the environment supports the achievement of their education and life-preparation goals.

In taking a closer look at UC Irvine, know that there is a cultural richness to this campus that you need to experience. You will discover that our campus fosters an environment in which your cultural identity is valued and supported. I am but one of many, seeking to extend the legacy of diversity excellence I was blessed to be touched by. Come discover UCI – and you too can know the promise that an Irvine education offers.

We welcome you!

Sincerely,

Thomas A. Parham, ’77 Ph.D.

Urban and Regional Planning
African American Studies examines the history, culture and politics of African-derived peoples worldwide, engaging broadly across the arts, humanities and social sciences. Among the topics explored are the process of colonization and the forced migration of African people, the positionality of African people in the racialized symbolic and social orders of the western hemisphere, the rhetoric produced by and about African people, and the cultural and aesthetic values associated with “blackness” and “Africanness.” The program offers a major and a minor.

African American Studies graduates go on to a variety of opportunities, including top-ranked graduate and professional programs in counseling, education, law, medicine, policy, and social work; and employment with public agencies, nonprofit groups, private foundations and charitable organizations. In preparation for such future endeavors, all of our students are strongly encouraged to pursue education abroad and undergraduate research. For program details visit www.humanities.uci.edu/afam/index.php.

Ele Si Rosa Parks Theme House

The African American Studies House brings together undergraduates who share an interest in the study of African American history and culture. Activities planned by students and advisors coordinate with formal study in these areas. Some activities include interaction with faculty and guests who are leaders in the African American community.

Residents are encouraged to enroll in one of the core introduction to African American Studies courses prior to moving into or while residing in the house. Priority will be given to students who are pursuing a major or minor in African American Studies.
Clubs and Organizations

With over 600 clubs and organizations on campus, you’ll find it easy to meet students from all over the world who share your academic, cultural and social interests.

A variety of clubs and organizations provide social events, educational support and professional preparation for African American students.

Get ready to get involved, learn, enjoy new experiences and have fun as you take advantage of all that UCI has to offer!

Campus Living

Housing
UCI guarantees two years of on-campus housing for freshmen and one year for transfer students (who are single and under the age of 25) who meet the housing application and contract return deadlines. See guarantee and eligibility details at www.housing.uci.edu.

Residence Halls
Mesa Court and Middle Earth are freshmen communities offering a wide range of theme halls with live-in resident advisors. Most halls range in size from 48-75 students each – living in single, double or triple occupancy rooms.

On-Campus Apartments
Campus Village accommodates transfer and continuing students in two bedroom, one-bath apartments (four students in each apartment).

Vista del Campo, Vista del Campo Norte, Camino del Sol and Puerta del Sol are privately owned and managed apartment communities located on the east side of the UCI campus, serving single undergraduate sophomores, juniors, seniors and graduate students.

Theme Houses
Arroyo Vista offers an alternative to traditional residential hall living in theme houses organized around academic interest, campus involvement or Greek membership.

Family Housing
Verano Place is a graduate and family housing community serving full-time graduate students and undergraduates who are 25 years of age or older, married, in a domestic partnership or single parents living with their children.
Financial Aid and Scholarships

Students demonstrating the need for financial assistance may be eligible for grants, scholarships, loans and/or work-study. Scholarships can also be awarded on the basis of academic excellence. To obtain financial aid you must complete and submit a Free Application for Federal Student Aid (FAFSA) by March 2 at www.fafsa.gov.

Types of Financial Aid

**Grants** are awarded on the basis of financial need and do not have to be repaid. **Scholarships** are awarded on the basis of academic criteria or any combination of academics, financial need, leadership positions, campus or community activities and work experience. They are designed to reward, encourage and assist you in pursuing academic excellence and leadership roles. **Loans** are money that must be repaid over a period of time, usually after a student leaves school. **Work-Study** allows you to gain work experience and earn money to pay for a portion of your educational expenses by working a part time job. Most jobs are on campus and departments are eager to hire students with work-study awards.

* Federal student loans are available to most students regardless of income and provide a range of repayment options including income-based repayment plans and loan forgiveness benefits, which other education loans are not required to provide.

Blue and Gold Opportunity Plan

UC’s Blue and Gold Opportunity Plan will ensure that you will not have to pay UC’s systemwide tuition and fees out of your own pocket if you are a California resident whose total family income is less than $80,000 a year and you qualify for financial aid - and that’s just for starters. Blue and Gold students with sufficient financial need can qualify for even more grant aid to help reduce the cost of attending. See www.universityofcalifornia.edu/blueandgold/.

Scholarship Opportunities

When you apply for admission to UCI you are also applying for scholarships. You can be eligible automatically for certain scholarships because decisions are based on information provided in your UC Application. See scholarship opportunities at www.ofas.uci.edu/scholarships and scholars.uci.edu.

Estimated Budget for Undergraduate Students 2015-2016

(As of June 30, 2015)

<table>
<thead>

<td>$56,810</td>
</tr>
</tbody>
</table>

** Living expenses includes books and supplies, room and board, personal, and transportation; may vary per individual student.
*** Vista del Campo, Vista del Campo Norte, Camino del Sol and Puerta del Sol housing are treated as on campus.

Estimated costs and fees are subject to change. Please check www.ofas.uci.edu and www.reg.uci.edu/fees for the most up-to-date information.
The California Dream Act

The California Dream Act –AB 130 and AB 131– extends eligibility for certain types of institutional and state aid to students who are undocumented or hold a U visa* and who qualify for benefits under another California law –AB 540– which exempts students from paying nonresident supplemental tuition.

Are you an AB 540 student?
- You must have attended a high school (public or private) in California for three or more years.**
- You must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam).
- You are not in the U.S. on a nonimmigrant visa (e.g. F or J).
- If you are without lawful immigration status, you must file an affidavit stating that you have filed an application to legalize your immigration status, or will file an application, as soon as you are eligible to do so.

* Note: Students with U visas do not have to file the Affidavit but must submit a CA Dream Act application to receive aid.

** AB 2000 has expanded resident tuition benefits for undocumented students because it allows certain students who have attended less than 3 years of high school in CA to qualify for AB 540. For details contact ambarrag@uci.edu.

What do eligible students need to do?
- Fill out and submit the California Dream Act Application through the California Student Aid Commission. Go to https://dream.csac.ca.gov.
- After you are admitted to a UC campus where you intend to enroll, submit your Statement of Legal Residence (SLR). Based on your SLR, if you are classified as a nonresident, you need to submit a California Nonresident Tuition Exemption Request form OR a University of California Nonresident Tuition Exemption Application and Affidavit available thru your campus registrar’s office. You may be asked to provide official high school transcripts and proof of high school graduation.

Additional Information
- California students who have applied for or received approval for Deferred Action for Childhood Arrivals (DACA) should complete the CA Dream Act, NOT FAFSA.
- Students with DACA need to submit a Non-SSN GPA.
- Males 18 to 25 must register with the Selective Service in order to receive the Cal Grant and other state aid.

New Financial Aid Options
- SB 1210 is a new California law known as the DREAM Loan Program, which will commence in the 2015-16 academic year and will be administered by UC and CSU campuses.

Key Dates

Fall
August 1
• UC Application open to edit at ucal.us/apply for fall admission and scholarships

September 1-30
• Transfer Admission Guarantee (TAG) application submission period for fall admission (transfer applicants)
• Apply online at https://uctap.universityofcalifornia.edu

November 1-30
• UC Application filing period for fall quarter admission and scholarships. Application must be filed no later than November 30. Apply online at ucal.us/apply.

Winter
December
• Last opportunity for freshmen applicants to take SAT or ACT Plus Writing

Spring
March 1-31
• UCI notifies freshmen applicants of their admission status
March 2
• Priority deadline for filing the Free Application for Federal Student Aid (FAFSA) and GPA verification form for Cal Grant consideration

April 1-30
• UCI notifies transfer applicants of their admission status
May 1
• Freshman Statement of Intent to Register (SIR) and Statement of Legal Residence (SLR) due
• Priority deadline for UCI to receive all required supporting documents to complete students’ financial aid applications
• Housing applications due for freshmen

Summer
June 1
• Transfer Statement of Intent to Register (SIR) and Statement of Legal Residence (SLR) due
• Housing applications due for transfer students
July 1
• Official final transcripts are due to the Office of Admissions and Relations with Schools
July 15
• Official AP/IB scores are due to the Office of Admissions and Relations with Schools
Eligibility Requirements

Freshman Basics

A-G Course Requirements
- History/Social Science (2 years required)
- English (4 years required)
- Mathematics (3 years required, 4 years recommended)
- Laboratory Science (2 years required, 3 years recommended)
- Language Other Than English (2 years required, 3 years recommended)
- Visual and Performing Arts (1 year required)
- College Preparatory Electives (1 year required)

GPA Requirement
A minimum 3.0 GPA is required for California residents and a minimum 3.4 GPA is required for nonresidents.

Exam Requirements
- The SAT or the ACT Plus Writing

Visit the A-G Course Management Portal at www.ucop.edu/agguide for additional information regarding “a-g” requirements and UC eligibility. California high school students can view their school’s UC certified course list, which includes courses that will be considered for honors.

Transfer Basics

Units and Courses Requirements
- All 60 semester or 90 quarter UC transferable units must be completed by spring 2016
- Complete the following seven transferable college courses (with a grade of a C or better in each course):
  - Two UC transferable courses in English composition
  - One UC transferable course in mathematical concepts and quantitative reasoning
  - Four UC transferable courses chosen from at least two of the following areas:
    - the arts and humanities, the social and behavioral sciences, or the physical and biological sciences

GPA Requirement
A minimum 2.4 GPA is required for California residents and a minimum 2.8 GPA is required for nonresidents. At UCI, the majority of transfer students offered admission have a GPA of 3.0 or higher.

Transfer Resources
Prospective transfer students should visit these websites for detailed information:
- www.assist.org
- http://ucal.us/transferpathways
- www.admissions.uci.edu/resources/transfer_selection.html
Writing Your Personal Statement

What is the purpose of a personal statement?
The purpose of the personal statement is to give you an opportunity to tell UC Irvine important things about yourself that are not addressed or apparent in the application. In making decisions about admission and scholarships, UCI wants to consider your academic record as well as your personal attributes. Your personal statement should provide UCI with a sense of who you are; your experiences, accomplishments and qualities such as motivation, self-discipline, leadership, and commitment to others.

Instructions for writing your personal statement:
• Respond to both prompts, using a maximum of 1,000 words total.
• You may allocate the word count as you wish. If you choose to respond to one prompt at greater length, it is suggested your shorter answer be no fewer than 250 words.
• UCI expects you to write the personal statement yourself; write in your own voice. It is wise to have a friend, teacher or parent read the statement to advise you on how well it conveys what you want it to say, and if it reflects who you really are. Remember: the purpose of the personal statement is to help UCI get to know you on a personal level.
• Recognize both the importance of the personal statement and the difficulty of the task. Give yourself enough time to produce a thoughtful and carefully composed personal statement.

Current Personal Statement Questions
Prompt One (freshmen applicants): Describe the world you come from – for example, your family, community or school – and tell us how your world has shaped your dreams and aspirations.
Prompt One (transfer applicants): What is your intended major? Discuss how your interest in the subject developed and describe any experience you have had in the field – such as volunteer work, internships and employment, participation in student organizations and activities – and what you have gained from your involvement.
Prompt Two (all applicants): Tell us about a personal quality, talent, accomplishment, contribution or experience that is important to you. What about this quality or accomplishment makes you proud and how does it relate to the person you are?
Campus Tours

Visit UCI – it’s the best way to get to know us!

Explore the UCI campus by taking a one hour walking tour highlighting our cutting-edge facilities, academic programs, and vibrant student life.

Housing tours are also available, and will show you the small college atmosphere in our first-year residence hall communities.

To plan your on-campus visit, check out www.campustours.uci.edu.

Virtual Tour

Take an interactive virtual walking tour of the campus led by a student campus representative. Stunning panoramic photos will give you a 360° view of Aldrich Park and inside various buildings including lecture halls, the library, student housing, and more!

To enjoy the online tour, check out www.campustours.uci.edu/virtualtour/.

See how beautiful our campus is and envision yourself here!
Meet Your Admissions Counselors

Questions about UCI?
Whether you have questions about the admissions process, your personal statement, how to apply for financial aid or what life on campus is like, the Office of Admissions and Relations with Schools has two underrepresented minority recruitment and yield coordinators who are available to answer your questions. Feel free to contact them by telephone or email.

The University of California, Irvine is located in coastal southern California, approximately 40 miles south of Los Angeles and 80 miles north of San Diego. Situated in dynamic Orange County, the main campus in Irvine and UC Irvine Medical Center in the nearby city of Orange are reachable from several major airports, the closest being Orange County/John Wayne Airport (SNA), and by major freeways.

Accommodations: Upon request, this publication will be made available in alternative formats for people with disabilities. Contact the UCI Disability Services Center; telephone 949-824-7494, TDD 824-6272.

Nondiscrimination Policy: The University of California, in accordance with applicable Federal and State law and university policy, does not discriminate on the basis of race, color, national origin, religion, sex, gender identity, pregnancy, physical or mental disability, medical condition (cancer related or genetic characteristics), ancestry, marital status, age, sexual orientation, citizenship, or service in the uniformed services. The university also prohibits sexual harassment, including sexual violence. This nondiscrimination policy covers admission, access, and treatment in university programs and activities. For more information, call 949-824-5594.
