Infusing in Your Future

UC Irvine has two important roles in financing your education: to administer a variety of financial assistance programs, and to provide you with sufficient support to pursue your education.

If you demonstrate the need for financial assistance, you may be eligible for scholarships, grants, loans, and/or work-study. Also, you can be awarded scholarships on the basis of academic excellence.

- **Grants** are awarded on the basis of financial need and do not have to be repaid.
- **Scholarships** are awarded on the basis of academic criteria, or any combination of academics, financial need, leadership positions, campus or community activities, and work experience.
- **Loans** are money that must be repaid over a period of time, usually after you leave school.
- **Work-study** is money that you may earn by working a part-time job.

**UC Irvine is an affordable choice for all families. Here are two reasons why:**

**UC’s Blue and Gold Opportunity Plan**
- Covers your educational and student services fees if you are a California resident whose family earns less than $80,000 a year and you qualify for financial aid. Blue+Gold students with sufficient financial need may qualify for additional grant aid to help reduce the cost of attending.

**Middle Class Scholarship (MCS) program**
- Starting in the 2014-15 academic year, the Middle Class Scholarship (MCS) program applies to undergraduate students with family incomes up to $150,000 and who attend a University of California or California State University campus. Scholarship amounts are based on a sliding scale according to your family income and the other types of support you receive. More information is available from [www.csac.ca.gov](http://www.csac.ca.gov).

Scholarship Tips

- Start your scholarship search early. Many deadlines are between December and May for funding for the following school year.
- Keep a record of your achievements including awards received, nominations, internships, volunteerism, employment, etc.
- Beware of scams. You should never have to pay to apply for scholarships or financial aid.

Financial Aid for DREAM Act Students

Students who are not eligible to file a FAFSA and qualify for the AB540 fee exemption can apply for Cal Grants and UC Irvine Grant by completing the California Dream Application available from www.caldreamact.org.

DEADLINE: March 3, 2014

Dream Act students may also apply for UC and external scholarships. Visit UC Irvine’s Scholarships page as well as the Scholarships Resource Center External Scholarship Opportunities webpage for more details.

Background: The California Dream Acts – AB130 and AB131 – extend eligibility for certain types of institutional and state aid to students, including undocumented students, who qualify for benefits under another California law – AB540 – which exempts students from paying nonresident supplemental tuition.
