Fifty years ago, our founding chancellor, Daniel Aldrich Jr., and President Lyndon B. Johnson dedicated the site of the University of California, Irvine, with the goal that one day it would be a world-class university. Today, that vision is realized in myriad faculty, student, and alumni achievements that are illuminating new possibilities in our state and around the globe.

UC Irvine has been named the top university in the nation under 50 years of age for three years in a row. We are consistently among the world’s best, with national rankings and achievements in the sciences, arts, humanities, medicine, and management. Three UC Irvine professors have won Nobel Prizes for their contributions to the advancement of human knowledge. Our alumni have won Pulitzer Prizes and Olympic medals, and are leaders in business, the arts, science, and education. In all walks of life, graduates from UCI make a difference.

Our campus has all the advantages of a large, dynamic research university, with many opportunities for students to be involved in undergraduate research. By the time they are seniors, 91 percent of UCI students have participated in faculty research. And with the circular layout of our campus surrounding beautiful Aldrich Park, our tight-knit community thrives with the friendly feel of a small college. Our academics and community combine to create an exceptional undergraduate experience. UC Irvine draws students looking for world-class faculty, cutting-edge academic programs, award-winning housing and facilities, a vibrant campus life, and the opportunity to live and study among the best and brightest minds in academia.

UCI is the ideal place to study the past, enjoy the present, and shape our future. I invite you to explore all we have to offer and challenge yourself to shine brighter.

Sincerely,

Howard Gillman, Ph.D.
Chancellor
GREETINGS

On behalf of my colleagues at the University of California, Irvine, the students we teach, counsel and provide for, and the broader community that we serve, I would like to thank you for your interest in our campus. This is a magnificent place to nurture the dreams and aspirations of your sons and daughters and we will provide them with academic and co-curricular experiences that will stimulate their intellects, ignite their passions and quench their thirsts for knowledge and information.

But to truly appreciate the UCI experience, I hope you will be as excited as I am about our world-class faculty. From the sciences to the fine arts, we boast a faculty that is always on the cutting-edge of new technologies, new information and new research. Their hands-on work with students is impressive. Indeed, their lives and professional artistry are measured across the landscape of academic classrooms, clinical and counseling treatment rooms, research labs, administrative offices and professional conferences.

UC Irvine has also maintained the ambiance of a small college campus with a strong mutual support network among students, faculty and staff. Although we are a medium size, dynamic university, the campus culture is that of a nurturing and caring environment. This ‘small college feel’ is an aspect of our distinctive legacy in which we take great pride. Through interaction with faculty and staff, quality of instruction, mentoring, encouragement to study abroad, campus diversity and much more, UCI students experience the value we place on ensuring the environment supports the achievement of their education and life-preparation goals.

In taking a closer look at UC Irvine, know that there is a cultural richness to this campus that you need to experience. You will discover that our campus fosters an environment in which your cultural identity is valued and supported. I am but one of many, seeking to extend the legacy of diversity excellence I was blessed to be touched by. Come discover UCI – and you too can know the promise that an Irvine education offers. We welcome you!

Sincerely,

Thomas A. Parham, ‘77 Ph.D.

Explore the complexities of the Native American experience – past and present. Discover the depth and richness of Native American culture through study covering a spectrum of disciplines such as art, philosophy, anthropology and women’s studies.

The minor in Native American Studies is an interdisciplinary, interschool program that focuses on history, culture, religion and the environment. The three core courses serve as an introduction to the Native American experience from the perspective of different historical periods and frameworks of analysis:

- History 12, Native American Religions and the Environmental Ethic;
- History 15A, overview of Indian-White relations from the American Revolution to the present, focusing on political and legal history;
- Sociology 65, introduction to the theories, terms, concepts and models used by anthropologists and sociologists to classify Native Americans and to explain cultural change and intercultural conflict.

Students who wish to further their studies can select from a variety of electives including: Native American culture, art, societies in Mexico, law and comparative literature.

To gain additional insight into the minor please visit: www.humanities.uci.edu.

CAMPUS LIVING

UC Irvine guarantees two years of on-campus housing for freshmen and one year to transfer students (who are single and under the age of 25) who meet the housing application and contract return deadlines.

HOUSING OPTIONS

Residence Halls
Mesa Court and Middle Earth are freshmen communities offering a wide range of theme halls with live-in Resident Advisors. Halls range in size from 48-75 students each – living in single, double or triple occupancy rooms.

Theme Houses
Arroyo Vista offers an alternative to traditional residential hall living in theme houses organized around academic interest, campus involvement or Greek membership.

On-Campus Apartments
Campus Village accommodates transfer and continuing students in two bedroom, one-bath apartments (four students in each apartment). Most apartments are furnished, though some unfurnished apartments are available.

Vista del Campo, Vista del Campo Norte, Camino del Sol and Puerta Del Sol are privately owned and managed apartment communities located on the east side of the UCI campus, serving single undergraduate sophomores, juniors, seniors and graduate students. All apartments in the Vista del Campo communities are unfurnished and offer individual 12-month leases.

Family Housing
Verano Place is a graduate and family housing community serving full-time graduate students and undergraduates who are 25 years of age or older, married, in a domestic partnership or single parents living with their children. Verano Place offers leases up to 12 months for one, two and three bedroom unfurnished apartments.
FINANCIAL AID AND SCHOLARSHIPS

All eligible students and parents can receive some type of financial assistance, regardless of the family's income and assets. In order for UCI to determine your eligibility for specific programs you must complete and submit a Free Application for Federal Student Aid (FAFSA) by March at www.fafsa.gov.

TYPES OF FINANCIAL AID

Grants: Grants are awarded on the basis of financial need and do not have to be repaid.
Scholarships: Scholarships are awarded on the basis of academic criteria or any combination of academics, financial need, leadership positions, campus or community activities and work experience. They are designed to reward, encourage and assist you in pursuing academic excellence and leadership roles.

Scholarship Opportunities
Dr. Juan Francisco Lara Endowed Scholarship, UC Irvine/Edison International Scholarship, Jeff Garcilazo Scholarship Fund, The Manuel N. Gomez Scholarship Endowment.

For a full list of scholarships available at UCI please visit: www.ofas.uci.edu/scholarships.

Loans: Loans are money that must be repaid over a period of time, usually after a student leaves school.
Work-Study: Work-study is money that students may earn by working a part time job. The program allows students to gain work experience and pay for a part of their educational expenses as they earn their award. Most jobs are on campus and departments are eager to hire students with work-study awards.

BLUE AND GOLD OPPORTUNITY PLAN

The University of California's Blue and Gold Opportunity Plan will cover your systemwide fees if you are a California resident whose family earns less than $80,000 a year and you qualify for financial aid (you must meet all eligibility requirements and deadlines). For more information please visit: www.universityofcalifornia.edu/blueandgold/.

The State of California requires that you be told the following: Federal student loans are available to most students regardless of income and provide a range of repayment options including income-based repayment plans and loan forgiveness benefits, which other education loans are not required to provide.
NATIVE AMERICAN SUPPORT SERVICES

AMERICAN INDIAN RESOURCE PROGRAM
AIRP provides academic support services for Native students from K-PhD and beyond. The goal is to increase the number of American Indian students attending and graduating from institutions of higher education. The program mentors a large number of students throughout the Southwest and around the nation. The AIRP also connects students with research, scholarship, and employment opportunities.

AIRP maintains strategic partnerships with local community organizations, high schools with high American Indian/Alaska Native populations, and tribal agencies in order to maximize support services where they are most needed.

THE AMERICAN INDIAN SUMMER INSTITUTE
The American Indian Summer Institute was established at UC Irvine in 1990 in partnership with Dine College on the Navajo Nation. Since then, it has developed into a residential summer program for high school students to learn about college admissions and experience university life.

The program has had many iterations including Computer Science (AISICS), Environmental Science (AISIESS), Native Law, and an Academy (AISA) exposing students to all departments and majors at the university.

For more information about the American Indian Resource Program or the American Indian Summer Institute, contact Yolanda Leon Polequaptewa at yleon@uci.edu or (949) 824-0291.
A multitude of student services and resources are here for you to take advantage of as an undergraduate. Support is available to you for just about any academic, personal, social or career interest you may have through programs and activities offered in a variety of centers on the UC Irvine campus.

UCI POW WOW

Pow Wows are traditional gatherings meant to celebrate, honor and respect Native culture. The annual UCI Pow Wow is organized by the American Indian Student Association in partnership with the American Indian Resource Program, the American Indian Alumni Association, Associated Students of UCI and with the support and participation of various departments on campus.

To some, the ceremonies and events may simply be a form of entertainment with colorful regalia, drumming, singing and dancing; but it is much more than that. A pow wow is a reenactment of the spiritual and symbolic aspects of our humanity. Every song, dance, gesture and detail of the beautiful attire illustrates a part of Native heritage as a people with roots in the distant past. Through the ceremony, hope is articulated for a bright future in a world bound by brotherhood, love and mutual respect for all races and creeds.

Come listen to the sounds of Native drums, browse and purchase authentic handmade Native jewelry and goods from vendors, and enjoy the skill and beauty of traditional Native dance.

Please visit www.clubs.uci.edu/aisa for more information about the UCI Pow Wow.
**SPORTS, FITNESS & MORE**

**Health and Wellness** programs, recreation and physical fitness activities and an extensive list of club, intramural and competitive sports are a phenomenal part of the UCI experience.

A NCAA Division I school, UCI is a member of the nine-school Big West Conference as well as the Mountain Pacific Sports Federation. UCI’s athletics program features 18 sports (nine men’s and nine women’s teams).

UCI teams have won 28 national titles in nine sports, including the 2013 men’s volleyball national title and 64 individual Anteaters have won national titles; 53 have competed in the Olympics. More than 3,000 students have been honored as Big West Conference Scholar-Athletes in the last 20 years. UCI has also had over 500 All-Americans. For more information please visit: www.ucirvinesports.com.

Campus Recreation provides UCI students, faculty and staff with an opportunity to enhance their campus experience by developing and maintaining a physically active lifestyle through fitness and wellness, outdoor adventures, club sports, intramural sports and activity classes. These programs are offered at the Anteater Recreational Center (ARC), ARC fields and at other off-campus locations.

PERSONAL STATEMENT

WHAT IS THE PURPOSE OF A PERSONAL STATEMENT?

The purpose of the personal statement is to give you an opportunity to tell UC Irvine important things about yourself that are not addressed or apparent in the application. In making decisions about admission and scholarships, UCI wants to consider your personal attributes and gain some sense of who you are; your experiences, accomplishments and a variety of qualities such as motivation, self-discipline, leadership, commitment to others, as well as your academic record.

Instructions for writing your personal statement:

• Respond to both prompts, using a maximum of 1,000 words total.
• You may allocate the word count as you wish. If you choose to respond to one prompt at greater length, it is suggested your shorter answer be no less than 250 words.
• UC Irvine expects you to write the personal statement yourself; write in your own voice. It is wise to have a friend, teacher or parent read the statement to advise you on how well it conveys what you want it to say and if it reflects who you really are. Remember: the purpose of the personal statement is to help UC Irvine know you on a personal level.
• Recognize both the importance of the personal statement and the difficulty of the task. Give yourself enough time to produce a thoughtful and carefully composed personal statement.
Current Personal Statement Questions

Prompt One (freshmen applicants)
Describe the world you come from – for example, your family, community or school – and tell us how your world has shaped your dreams and aspirations.

Prompt One (transfer applicants)
What is your intended major? Discuss how your interest in the subject developed and describe any experience you have had in the field – such as volunteer work, internships and employment, participation in student organizations and activities – and what you have gained from your involvement.

Prompt Two (all applicants)
Tell us about a personal quality, talent, accomplishment, contribution or experience that is important to you. What about this quality or accomplishment makes you proud and how does it relate to the person you are?
Visit UCI - it’s the best way to get to know us! Take a Campus Tour and see all that UCI has to offer! Housing Tours will show you the small college atmosphere in our first-year residence hall communities.

Tours are led by Campus Representatives, UC Irvine’s official tour guides. These highly trained students offer a one-hour walking tour of the campus with information highlighting the campus, academic programs and student life.
